

Fundamental Safety Rules

Always

- 01** Start your work only when you are sure that it is safe for you and for those around. If uncertain – ask.
- 02** If you see unsafe working conditions – stop all activity.
- 03** Maintain a healthy lifestyle. If you are sick – notify your supervisor.
- 04** Use the full complement of required personal protective equipment, whenever required. If you need something additional - request it.
- 05** Fasten your seatbelt before starting your trip in any type of vehicle, and do not use your earpieces, cell phone or media players while operating vehicles, equipment, walking onsite and climbing up and down the stairs. Need to answer the call, stop and move to the safe place first. Stay alert.

Never

- 06** Hide accidents or conditions that could lead to accidents. Be forthcoming.
- 07** Come to work under the influence of alcohol or drugs. Demand the same from your coworkers.
